Bulldog Solutions Ranked "Fast 50" in Central Texas for Second Consecutive Year

AUSTIN, TX—October 18, 2007—Bulldog Solutions has been named to the *Austin Business Journal's* list of fastest-growing companies in Central Texas for 2007. This is Bulldog Solutions' second year on the list. The Fast 50 awards, presented by *ABJ* and PriceWaterhouseCoopers, honor the area's most dynamic, privately owned businesses and their contributions to the growth and success of Central Texas.

"Winning the Fast 50 award for the second year is a tremendous validation of our business and our people," said Rob Solomon, CEO and co-founder of Bulldog Solutions. "We will continue to be fueled by the voracious demand for B2B marketing programs that measure *and* maximize the direct impact of lead marketing programs on revenue."

The Fast 50 award follows Bulldog's placement earlier this year on the Inc. 500 list of the fastest-growing private companies in the United States.

To be eligible for the Fast 50, companies must be based in Central Texas, be independent and privately held, and have completed three full fiscal years of operation. Companies were ranked based on revenue growth from 2004 through 2006.
